

U.S. Customs and
Border Protection

CTPAT[™]
YOUR SUPPLY CHAIN'S STRONGEST LINK.

Customs Trade Partnership Against Terrorism

CTPAT is a voluntary government-business initiative to build cooperative relationships that strengthen and improve overall international supply chain and U.S. border security. Through this initiative, CBP is asking businesses to ensure the integrity of their security practices and communicate and verify the security guidelines of their business partners within the supply chain.

CTPAT Benefits

CTPAT partners enjoy a variety of benefits, including taking an active role in working closer with the U.S. Government in its war against terrorism. As they do this, partners are able to better identify their own security vulnerabilities and take corrective actions to mitigate risks.

Milliken & Company is proud to be certified CTPAT compliant by U.S. Customs and Border Protection (CBP). This certification recognizes our company's commitment to maintaining the highest level of security for our facilities and for the United States.
